○
**INCREASED
LONGEVITY**

○
**MANUFACTURED
IN AFRICA**

SALES INFORMATION

- All our products are 100% cotton
- No ironing ever needed
- Non-crease which means you always wake up to a perfect bed, even after a nights sleep!
- Due to our fabrics high cotton count, it is cool in summer and warm in winter
- T-Shirt fabric can not be counted in thread count like woven linen but in terms of real feel it is equivalent to 800 thread count
- Our cotton is knitted and not woven like regular bed linen
- This means that it moves with your body while you sleep and provides the most comfortable sleep experience available!
- Our sheets never pull off the bed or crease when you turn
- Made in South Africa
- Wash like regular bed linen. Can be tumble dried but we do recommend line drying to increase longevity

- They are made from the highest quality jersey cotton which means they will NEVER go out of shape
- All items have a shrinkage built into them so they will be slightly big on the duvet cover before washing. After the first wash they will fit perfectly and never shrink again!
- Duvet cover sets come with 2 standard pillowcases included, except for single size sets which come with 1
- Available in Single, Queen, King and King XL in both duvet cover sets and fitted sheets
- We have a massive following in South Africa and have just launched all over Europe with a viral response!
- Suitable for hotels and guesthouses and as ironing is never needed it will save hours of labour and thousands in electricity as well as increase turn around times!

Duvet Cover Set * pricing excluding VAT
